RECREATIONAL DRAMA

At this stage it focuses on helping young students interact with each other, build confidence, self-esteem and communication skills. All this is achieved through drama activities, creative movement, storytelling and song. Classes have been specifically created and adapted for this age group, with an emphasis on enjoyment and fun for the young students, all in a supportive and fun environment. Groups are kept to a maximum of 10 students to guarantee personal attention.

INTRODUCTION TO MUSIC

This class is a child's first step into the world of music. Through play and song, students will be introduced to music fundamentals, while nurturing an early admiration to it. Such activities include playing through rhythm, music appreciation, instrumentation, and sing-alongs, all tailored for their age. Body movement is incorporated in every activity, which will ensure that every lesson will be fun and full of energy, while aiding their understanding of every activity.
