INTRODUCING SINGING FOR ADULTS

Do you love to sing? Have you ever been told that you had a great voice and 'must get it trained'? Would you like to know what actually goes on in singing lessons? These sessions are designed to take some of the mystery out of singing, improve your confidence in singing before an audience and introduce to the fundamentals of voice training. Along with a small group of like-minded people, you will observe and participate in basic singing tuition. You will learn how to choose songs that suit you and your voice. But most of all you will learn – in a relaxed and supportive environment – to get up in front of others and sing. For those who want a basic understanding of technique, as well as those who want to begin a lifetime of study, this course is the perfect introduction to the singer's art.
